Discover Reggio Calabria

Reggio Calabria is the largest city of Calabria. A city in which the nature has made many gifts: postcard views, precious fruits, mild climate almost all the year, artistic and cultural heritage of great value. Famous visitors of the past have left magnificent words to underline the great beauty of this area as Gabriele D'Annunzio, who has called the Promenade of Reggio the most beautiful kilometer of Italy. But how can you reach Reggio? The most practical option is the plane, you can book a comfortable flight, charter or low-cost direction "Aeroporto dello Stretto Tito Minniti".
